MASONS TO FOLLOW ANCIENT CUSTOM

Will Lay Cornerstone of New School Building With Ceremony Friday

As was the custom of old, the Masonic fraternity will lay the cornerstone of the new Madison High School building.

Elaborate ceremonies will be conducted under the auspices of Richmond lodge Friday afternoon from 3 to 5 o'clock. A representative of the Grand Master of Kentucky will be present and have a part on the program which will be completed by officers of Richmond lodge.

It has been suggested that a holiday in the city be declared between the hours of 3 and 5, with business houses closed. A parade of the city school children will be formed at the main building, march down town to the band stand. Here they will be joined by the Masons, city and county officials, and the American Legion band and will return to the school building for the formal ceremonies. The program of the dedication will be as follows:

Music... Pupils of City Schools.
Invocation... Dr. O. O. Green.
Address... Dr. R. L. Telford.
Music... Pupils of City Schools.
Address... Supt. Geo. Colvin.
Laying of Cornerstone.
Benediction... Dr. W. O. Sadler.

MOB LEAVES WITH ROPE ON VICTIM

(By Associated Press)

Irvine, Ga., May 23—A mob of 50 broke into jail here today, seized Jim Dawson, a negro, sentenced to hang for attacking a white woman, took him away with a rope around his neck and have not since been heard of.

WOMEN'S CLUBS AT HOPKINSVILLE

(By Associated Press)

Hopkinsville, Ky., May 23—Representative women from all parts of Kentucky are arriving here today for the 28th annual convention of the state federation of women's clubs which begins a four day session tomorrow. A large reception is on the program tonight.

LEBANON MACHINE NABBED IN JESSAMINE

(By Associated Press)

Lexington, Ky., May 23—A new touring car bearing a Marion county license and 35 gallons of moonshine whisky was seized and three men, George Gooch, Roy Skelton and Clark Davis, said by officers to probably live near Lebanon, Ky., were arrested and lodged in jail here today. The arrests were made near Nicholasville.

An Unitarian Viewpoint

(By Associated Press)

Boston, May 23—Multitudes of people are practically renouncing religion because of "superstitions of the world's childhood" that have been brought into the life of today Rev. Dr. Minot Simons, head of the department of church extension of the American Unitarian Association, said in an address at the 97th annual meeting today.

Ice Cream Supper

There will be a pie and ice cream supper Friday night, May 26, at 7:30 o'clock at the Estill Station school house on the Speedwell pike. Everyone cordially invited to attend.

New Church Contract

Nicholasville, Ky., May 23—David Wolf, of Georgetown, has been awarded the contract for the building of the new Methodist church, which was destroyed by fire last December. Mr. Wolf's bid was \$21,000, which includes the salvage of the old building but not the furnishings or heating plant. The new edifice will cost approximately \$36,000.

ROTARY GOVERNOR HERE THURSDAY

Tri-State Official To Present International Charter To Richmond Club

Richmond Rotarians have a great treat in store for them Thursday night at their regular meeting.

Gov. Hall, of Nashville, tri-state governor of Rotary clubs, will be guest of the local club and will formally deliver the international charter to the Richmond club.

LOCAL MUSICIANS HONORED AT LEXINGTON

Mrs. David E. Fogle, of Georgetown, was re-elected president of the Kentucky Federation of Music Clubs, and Owensboro was chosen as the place for the 1923 convention, at the session at the Lexington College of Music auditorium.

Other officers elected were: Mrs. B. L. Middleton, of Richmond, first vice president; Miss Lorraine Bramble, of Cynthiana, second vice president; Mrs. Harvey Chenault, of Richmond, third vice president; Mrs. Henry Pettit, of Owensboro, treasurer; Mrs. Benjamin Van Meter, of Lexington, secretary, and Miss Elizabeth Higgins, of Stanford, recording secretary.

TO CELEBRATE NEW SCHOOL'S COMPLETION

May 30th is to be a big day at the new school on Posey Ridge turnpike which is a consolidation of the Burton and Hendren schools. The patrons are anxious for the people to see what great progress has been made for the children, so they are inviting everybody to be present May 30th when a big day will be enjoyed. There will be speaking and dinner on the grounds. A number of members of the County Board of Education will be present with Trustee Bob Whitaker. The new school is a handsome frame structure with two main recitation rooms. There are about 150 children expected to attend the consolidated districts and the new building will fill a long felt want.

Christian Education

Key to Civilization

Des Moines, Ia., May 23—"Christian education holds the key to the civilization of the future," was declared in the annual report of the Presbyterian General Board of Education presented today by the General Assembly of the Presbyterian church in the United States of America, by the General Secretary Dr. Edgar P. Hill, of New York.

"This is the end of the second year of the Challenge Fund of the Board for \$35,000,000 to be raised in eight years," Dr. Hill continued. "The first year produced \$5,086,000. The past 12 months added more than \$6,000,000, demonstrating beyond a doubt the value of a Challenge Fund in stimulating financial campaigns for education."

Get News By Radio

Some very interesting news is being received by Madison county amateur radio operators these days. Marion Lilly who has a dandy little outfit at his home on West Main street, gets the big league baseball results each evening. He says that on the program for tonight will be the Greb-Tunney fight blow by blow, which will give a better description than by rounds. Lawson Long gets everything going also, at his home on the Boonesboro pike.

LADY ASTOR LIKES PROHIBITION HERE

(By Associated Press)

New York, May 23—Lady Astor, who is to sail for home today, issued a farewell statement, summing up her opinion on the dry question, on both sides of the ocean. She asserted prohibition in the United States and several Canadian provinces has been "a big contribution to the spiritual regeneration of the world." She would not advocate prohibition legislation in England but "will support local option by direct vote laws."

49 P. O. EMPLOYEES WERE EX-CRIMINALS

(By Associated Press)

Washington, May 23—Discovery through finger prints that 49 of the 400 employees of the registry division of the New York postoffice had criminal records, was reported to President Harding today by Acting Postmaster General Bartlett upon his return from an investigation of the New York postoffice. All of the 49 were dropped from the service, Bartlett said.

The discovery came during inquiry into the arrest last Thursday of seven employees of the postoffice which, officials said, cleared up robberies extending over the last six months and involving nearly \$2,000,000. The arrests, he also said, thwarted a gigantic robbery planned for last Friday night in the registry division itself.

Big Field in Big Auto Race

(By Associated Press)

Indianapolis, Ind., May 23—Four former winners, 11 drivers who have never piloted a car in a 500-mile race, and 17 others who have tried on numerous occasions for the \$100,000 prize money, comprise the field scheduled to start in the 10th annual international sweepstakes automobile race at the Indianapolis Motor Speedway May 30.

"Polar Bears" To Meet

(By Associated Press)

Detroit, Mich., May 23—For the first time since they entrained at Camp Custer in the summer of 1918, the men who composed the American Expeditionary Force that went into North Russia will meet as a body again during the organization meeting of the Polar Bears here May 27 to 30, inclusive. For four days these men will gather here to renew friendships, made in camp, on transports and along the thin lines of offense and defense under the northern lights.

WILL WELCOME LEXINGTON VISITORS

(By Associated Press)

Richmond business men are going to give the Lexington boosters a warm welcome when they come through here on their excursion through the blue grass Thursday afternoon. The Lexington "boys" are due here between 3:45 and 4:45 o'clock. Secretary L. W. Dumbler, of the Richmond Chamber of Commerce, is planning with local members to let Lexington know that Richmond is always glad to co-operate with her in any enterprise which may promote harmony and good feeling between the two communities. It is probable that the Legion band will be gotten out and every thing possible done to make the visitors enjoy their hour's stay in the city. The Lexington tourists leave Lexington Wednesday morning, go to Paris, Georgetown, Frankfort, Lawrenceburg, Harrodsburg and spend Wednesday night at Danville. Thursday morning they go to Lancaster, Paint Lick, and Berea and then come to Richmond on their way home to Lexington.

AT THE MOVIES

"The Lady From Longacre"

Make an appointment with yourself right now to visit the local theatres Saturday and do not forget the date. Why? Because William Russell, the noted Fox film star, is due here at that time in his latest picture, "The Lady From Longacre," an adaptation from Victor Bridges' exceedingly lively story. There is plenty of good fun in this production—laughs galore—and lots of wholesome serious sentiment as well.

"Wet Gold" Coming

During the making of "Wet Gold," the remarkable underwater picture by J. Ernest Williams, which will be shown at local theatres Monday, a faulty manipulation of the air valves in a submarine used in the picture almost cost the lives of several of the actor-divers. The submarine rose to the surface, then listed almost 40 degrees. With rare presence of mind, the men inside opened the hatch and crawled into the water. To their intense relief the submarine finally righted itself. "Wet Gold" is distributed by Goldwyn.

Dr. C. A. Fish, of Frankfort, was here Monday to see his father, W. C. Fish, who continues very feeble and low at his home on Breck avenue.

Washington, May 23—President Harding is represented at the White House today as merely hopeful a voluntary reduction in transportation rates would result from last Saturday night's White House dinner conference attended by 19 leading railroad executives of the country.

WIFE FORGOT AND MARRIED AGAIN

(By Associated Press)

Newport, Ky., May 23—Mr. Ida Hardesty, 22, of Hamilton, O., in jail here today, said she did not remember her alleged bigamous marriage to Earle Reule, also of Hamilton. She is the wife of Clements Hardesty, who also resides in Hamilton. She was married here. "It all seems like a dream," she said.

SOIL DEMONSTRATION PUT OFF TO JUNE 7

The soil experiment demonstration at Berea has been postponed until June 7th. Announcement of this postponement was made Monday by County Agent R. F. Spence. The date set was this week on May 24th, but owing to unforeseen conflict of dates, it was decided to postpone the demonstration until June 7th. Quite a number of farmers from this end of the county and from other counties were preparing to attend the demonstration. The Somerset Journal said that a number were coming from as far away as Pulaski.

LEXINGTON PIKE TO BE CLOSED FRIDAY

The Lexington road from city limits at overhead bridge to Jack's Creek pike, will be closed to through travel Friday, May 26th. Signs indicating detours to be taken will be placed at city limits, Jack's Creek pike and Boonesboro near Mt. Pleasant church.

"BIG BOY" GOT HIS CLOTHES AT WINCHES.

The Winchester Sun says that "Big Boy" got his clothes from his home there and disappeared. The Sun says:

The local police force spent all of Saturday night and practically all of Sunday searching for Ike Duncan, alias "Big Boy," colored, wanted for the murder of Callic Burns, of this city, in Richmond Saturday night.

The local night police force made several searches Saturday night of the negro resident districts of the city and had visited the home of John Rucker where the negro had a room, about 3 o'clock Sunday morning and had just returned to the police station when Rucker came in and said that the negro had just been at his house and secured his clothing and ran through Church Alley. The negro's clothing was hanging over the door of Rucker's home and when he knocked at the door, Rucker thought it was the police force again and without question opened the door, the negro bolted into the room, seized his clothing and left.

The local police force started a new search and visited all of the outgoing trains but could not find a trace. They then went about five miles out the W. & A. railroad and walked the track back to the city, but without avail. The Mt. Sterling police stated they know the negro and will keep a look-out for him.

DOCTORS ADOPT WHISKY MOTION

(By Associated Press)

St. Louis, May 23—Resolutions presented yesterday to the House of Delegates of the American Medical Association appealing to Congress for relief from the "present unsatisfactory conditions" as to distribution of whisky, were adopted by an overwhelming vote today. The resolutions asked governmental distribution of whisky for medicinal purposes, only in sealed packages of eight, sixteen and thirty-two ounces.

ULSTER STARTS THINGS IN IRELAND AGAIN

(By Associated Press)

Belfast, May 23—Ulster authorities today arrested every officer of the Irish Republic Army that could be found in six counties of Northern Ireland. Hundreds were seized in a surprise roundup, most of them being taken from their beds. Swarms of police swept through Ulster and rounded up 200. This action was taken to suppress not only the Irish Republican army and Irish Republican Brotherhood, but all Sinn Fein organizations in the six counties area.

ED BALDWIN GOES UP FAST IN BUSINESS

Many friends at his old home here of Ed Baldwin are greatly pleased to learn of the splendid success he is making in the business world in Dayton, Ohio. The Dayton Evening Herald carried a large picture of him on its front page the other day under which it said: "The furnishing of Dayton's four model homes is claiming much time and energy of W. E. Baldwin, of May & Co. He is assisting Carl Cappei, of the Wayne Furniture Company in the selection of furniture for the Findlay street home." Mr. Baldwin is a son of the late W. E. Baldwin, of the Baldwin section of Madison county, and a nephew of Mrs. B. E. Belue and Mrs. Ed Carson. His wife was Miss Margaret Turner.

Shriners To Go West In Forty Special Trains

Chicago, May 23—Arrangements have been made for the movement of 10,000 Mystic Shriners through Chicago to San Francisco June 7, 8 and 9, for the annual conclave. The pilgrims will be carried in forty special trains, railroad officials say, thus making it the largest organized travel ever handled at one time. The Shriners will camp one night at the brink of the Grand Canyon and the government will be asked to allow the Hopi Indians to give a special snake dance.

Many of Us Are Foolish, Tho

Cincinnati Post)
We like what Leonidas Bushman, a pupil of the Morgan public school, contributed to this week's School Post which we print in our big Post:

"The air is for the wings of the spirit,
The path is for the soul and wren,
Long and straight for the children of men."

Right, Leonidas! Doubtless when you grow up you will walk the path that is narrow, long

and straight.
But at times you may be lonely on the path. Many of your fellow travelers will be running off to another road where there are trees with fruit good to look at and sweet to the taste, but poisonous to the soul and the body.
The prisons and the poorhouses are filled with the foolish lads who leave the path because it is too narrow and run over to that other one of poisoned fruit and pitfalls and thorns.

Cornerstone of Labor Temple

Louisville, Ky., May 23—Sunday, June 18, will be a red letter day for the 35,000 members of Louisville's 110 labor unions for on that day, accompanied by appropriate ceremonies, the cornerstone to the \$350,000 Union Labor Temple on West Market Street, construction of which has already begun, will be laid.

BURNAM BOOSTING POSTAL SAVINGS

Postmaster Robert R. Burnam Jr., continues to impress upon the people of Richmond the advantages of Treasury Savings Certificates and Postal Savings as an investment as well as the best method of encouraging persons of small income to form the habits of thrift and saving. "The post office under this system," said a financial sage who made an investigation of the new U. S. Government Savings System, "will become the savings bank of the wage earner and the person of small salary. In many of the large cities and in factory towns, and especially in many of the smaller towns in the rural districts, it is very inconvenient for earners of a weekly wage to reach a bank after receiving their pay, but a post office is usually available."

Postmaster Burnam is pleased with the suggestion of the post office as the wage earner's savings bank and intends to make it that in fact, as long as people who are its patrons show a disposition to save. He calls special attention to the fact that the government is in this savings movement because the officials have become convinced that only through the government can a nationwide campaign for savings be inaugurated and made successful.

"The government," he said, "affords an opportunity for everybody to save. Any person with ten cents can open a savings account with the government. With ten cents a postal savings stamp can be bought at the post office. When ten stamps have been bought and affixed to a postal savings card they can be exchanged for a \$1 interest bearing postal savings certificate. Postal savings certificates to the amount of \$2,500 may be purchased by any one person. Small investors can also buy Treasury Savings Stamps at \$1 each. They do not draw interest, but when 20 stamps have been acquired they can be exchanged for a \$25 Treasury Savings Certificate. These certificates are issued in denominations of \$25, \$50 and \$100, and sold for \$20, \$50 and \$80. They pay 4 1/2 per cent compounded semi-annually, and are exempt from state and local taxation (except estate and inheritance taxes) and from the normal Federal income tax."

Don't Forget

All democrats should bear in mind that July 10 and 11 will be registration days and that every democrat in every precinct in every county will have to register in order to vote in the future. If you fail to register you will lose your vote. Democrats are urged to begin now to advertise this important matter. Every time you meet a democrat reminding him of the two days. Polls will be open in each precinct in the county just the same as on election day. When you register once you do not have to register again unless you move from the precinct. Don't forget this.

ERADICATING T. B. FROM CATTLE IN STATE

(By Associated Press)

Lexington, Ky., May 23—Marked progress is being made in eradicating tuberculosis from cattle herds of the state, by means of co-operative work being carried on by farmers, county agents, the State and Federal Veterinary departments and the College of Agriculture extension division and other co-operative parties, according to a quarterly report of C. A. Mahan, of the college and state leader of county agricultural agents. Incidents are related in the report from a number of counties to show the progress of the work.

In Nelson county the executive committee of the farmers' organization gave their unqualified endorsement to a campaign proposed by County Agent C. L. Hill, the report says. This campaign involved lectures, moving pictures, posters and other methods designed to show farmers and dairymen the importance of testing their cattle for the disease. Eight meetings were held during the course of which 1,400 persons saw an educational film on bovine tuberculosis and 1,000 were signed up for testing.

Directors of the farmers' organization in Boone county also lent their support to a similar movement by joining in a farm to farm canvass in the interests of the campaign.

Eight reactors have been found in 640 cattle already tested in Crittenden county while more animals are on the waiting list to be tested.

About 2 per cent of the 1,700 animals tested in Daviess county have been found to be infected with the disease, the report continues.

Fiscal courts in two counties, Henderson and Christian, have added their support to the drives in these counties by appropriating money to furnish transportation for veterinarians doing the testing work.

With the employment of a full time tester, whose transportation expenses also will be taken care of by an appropriation from the fiscal court, Campbell county farmers and county agent H. F. Link are conducting a cleanup campaign. More than 3,100 cat-

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism—due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you. You must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is guaranteed and recommended by your druggist.

tle were tested in this county last year by a part time tester. Oldham county has been divided into sections and leaders appointed to see farmers in each one in order that the campaign in that district of the state may be complete.

The testing of 175 cows in Madison county resulted in the finding of three reactors while other cattle owners will be urged to have their cows tested.

The finding of nine reactors among 168 tested in Boyd county has resulted in many other farmers showing an interest in the work, eight other herds having been tested since the first diseased animals were found, the report concludes.

There were 261,000 additional to Baptist churches in 1921.

SWIFT'S PRODUCE REVIEW

Marketing of live hens has shown a material increase, due to the laying and setting seasons being pretty well advanced and this has caused some slight decline in the market price.

There is a good demand for dressed poultry, however, and the general prospects are for prices to rule around present levels, possibly a little lower.

Production of eggs is about normal for this time of the year and as the consuming demand is lighter, there is a larger quantity going into storage, which has had a tendency to cause lower market values.

As the weather continues to grow warmer, particular care should be given by producers to see that eggs are gathered daily, kept in cool places and marketed several times each week.

Primrose and Prosperity

It pays best to milk good cows and sell the butter fat, keeping the skimmilk on the farm to feed young stock. This plan means the largest money return in the long run, a constantly improving herd, and a better farm every year.

A Primrose cream separator will save all the cream and provide ample skimmilk, warm, sweet and pure in the best condition for feeding. It brings you a cash income every week.

Come in and let us show you why the Primrose skims cleanest, lasts longest and produces cream of highest grade.

is about normal for this time of year and as the consuming demand has been heavy, markets in general are the same as if the have shown some advance. As there will be a surplus from storage, which will move to storage, it is natural to look for lower values.

About Rheumatism

People are learning that it is only a waste of time and money to take internally for chronic and muscular rheumatism and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size remove a rail at all is a felony, 60 cents.

Causing Train Wrecks

A new law of Kentucky which becomes effective June 1 amends the old law making it illegal to displace rails on railroad track by declaring the offense to be murder when a wreck in which persons are killed may result. To remove a rail at all is a felony.

EASTERN LOSES GAME TO UNION

Union College won the first of the two game series with Eastern on the Normal diamond Monday afternoon by a score of 6 to 5. Union scored all of her runs in the sixth inning, due to very poor field work of the locals. Eastern played erratic all day, making a total of ten errors compared with three for the visitors. Lewis pitched fine ball and kept the Union hits scattered. His fine work offset the poor fielding in all rounds except the sixth when local fielders messed everything in sight. Vandever dropped a third strike and then threw wild to first, letting in a run. Then he threw to second to get Dishman stealing and no one covered. This let in another. In the same inning Eastern had a man between home and third and allowed him to return to third safely. Only two balls were hit to the outfield and they were handled safely.

The locals started off with a rush by scoring four runs in the first on five straight hits and a sacrifice. Little led off with a double down the left foul line and scored on Lewis' single to right. Short then drove a single to center that put Lewis on second and Lewis took third when Faulkner let Short's hit get away from him. Short stole second and both he and Lewis scored on Welch's safe one to right. Vandever's long double sent Welch to third where he scored on Stephenson's sacrifice fly to left. This was all that Eastern could do with Trooper until the fifth when they added another. Short drove safely to right, stole second and scored on Vandever's single to right. All the rest of the game Trooper had Eastern hitting them right at his fielders.

The fatal blow came in the sixth when Union scored six runs. Howard, first up, was safe when Mainous booted. Blair then tried to bunt, but hit to Lewis who threw to second and retired Howard. Faulkner doubled to right, sending Blair to third. Mahan's infield single scored Blair. Tye hit to Welch who threw wild trying to get Faulkner at home, Mahan also scoring and Tye taking second. Trooper grounded to Stephenson but Hmhill was good for a dou-

NATIONAL DEAN OF FOX HUNTERS

The Harrodsburg Herald of Friday last has a splendid biography with a cut of J. Wesley VanArsdall, who has attained the age of 93 years and still is an active man. His farm known as the "Sunny Side," containing 300 acres, has a very remarkable record. In the 55 years he has resided on the farm, there has been one death, that of a colored child.

Mr. VanArsdall has a unique distinction—he is the dean of fox hunters in the United States. To be 93 years old and still able to join in the chase is a joy that is vouchsafed to very few. As the oldest active fox hunter he is known far and wide among the lovers of the sport. Asked when he first began to take part in the hunts, he said: "When I was just big enough to ride behind my older brother, George, and crutch off the ragweed seed between my toes." But although he loves the sport and still enjoys it he deprecates the fact that fox hunting is not what it was fifty years ago. Then the country around abounded in red foxes which were gamier and fleet and would run the dogs all night. Scarcely any of these are left now and only gray foxes are found for the chase. They do not enjoy the chase nor take such keen delight in outwitting the dogs as the red foxes did. He also thinks the dogs are not as good as they used to be.

Rufe Stone "Breaks Even"
The Herald had this about a visit of popular Rufe Stone, "checker shark," to Louisville: Expert Stone, of Richmond, was in town last week and played several of our local players. He defeated Potts and was in turn defeated by Truck. The latter score being Truck 4, Stone 1.

Huge Amount of Supplies To Equip Giant Steamer

Southampton, Eng., May 23—The outfitting of the liner Majestic, 56,000 tons, which made her maiden trip to New York this month, was a colossal affair and quite on a par with her size. The largest in the world. Seventeen tons of blankets, 16 miles of sheets, 10 1-2 miles of bed covers were being utilized for the sleeping apartments. For the dining rooms there were 19 miles of table cloths and 29,000 pieces of glassware. China and earthenware totalled 80,000 pieces. The electro plate and cutlery consists of 50,000 pieces with an extra 5,500 pieces for the French restaurant. The crew of the ship will wear something like five and one-half miles of aprons during a passage.

Do Your Best

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion, get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling all right and able to do a day's work.

Dunaway made a wonderful running catch in the seventh which prevented a run from coming in. He was playing deep for Mahan and caught the ball only by coming in at top speed. Stephenson played a great game for Eastern. He handled all his chances without an error and accepted three hard ones. Blair and Dishman were best in the field for Union. The second of the series will be played on the Eastern lot Tuesday afternoon.
